

**LIABILITY WAIVER**

Selection of materials and remediation procedures are the responsibility of the applicant. CMHC cannot assume responsibility for the installation of materials or methods which may later be found by the occupants to be unacceptable. The applicant will address any issues arising from the modifications/repairs or installation with the contractor directly.

CMHC will not have any further financial obligations in the event that remedial work does not address the special needs of the applicant or occupant, whether or not the needs are known at the time the application was made.

As the applicant, you assume full responsibility for carrying out any remediation.

By signing this waiver, the applicant acknowledges that he/she will have no claim of any kind against CMHC arising from acts or omissions of the contractor in carrying out or failing to carry out work under this program.

Canada Mortgage and Housing Corporation (CMHC)
